### Washington State Student Directive for Disbursement of Student Aid

Student Name (print): \_\_\_\_\_ SPU ID#: \_\_\_\_\_

Washington State and Washington Student Achievement Council (WSAC) require students receiving aid from the State of Washington to complete an aid designation form. The designation and e-signature on this form will document your choice to allow the funds to either be applied directly into your student account or be given directly to you in the form of a check/direct deposit. A state grant recipient has the following two choices:

1. Option to have the state financial aid funds deposited to your student account, which permits the aid to be automatically credited towards any expenses you may owe to the school. This option will also allow any refunds of financial aid proceeds that may be due for you to be processed faster.
2. Option to have the state financial aid funds given directly to you means that state student aid will **NOT** be automatically available to pay for tuition and fees. You will be responsible for using the funds to pay for educational expenses including any expense you owe to the school.

Please choose **ONE** of these options:

- I choose to have state student aid funds applied directly to my student account and be automatically credited toward expenses I owe **Seattle Pacific University**.

**OR**

I choose to have state student aid funds issued directly to me (the funds will not be credited to my student account.) I understand by choosing this option I am responsible for all outstanding balances on my student account at **Seattle Pacific University**.

**Your choice will stay in effect as long as you are enrolled at this school. However, you may change your directive for a future term by informing the Student Financial Services Office in writing or submitting a new form.**
