

OUR MISSION

“Making the process of fundraising as simple and painless as possible”

SixPence seeks to streamline the fundraising process. Fundraising through our system enables you to:

- Remove unnecessary middle-men
- Reduce overall expenses associated with fundraising
- Raise more money in less time than competitors

We believe that donating should be as simple as handing a friend your spare change.

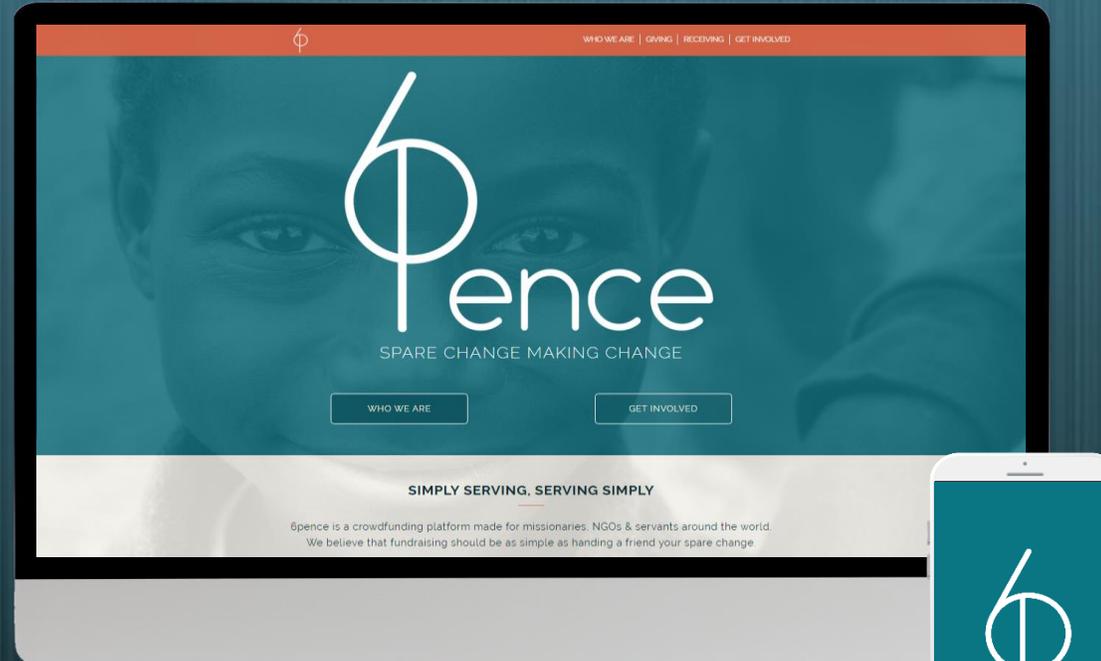

FEATURES

- Create campaigns to fund mission trips, church projects, or non-profit cause
- Three ways to make donations
 - One time lump sum
 - Recurring commitment
 - Spare change round up
- Set monetary campaign goal and view the progress
- Comment on campaigns to keep it personable

Fundraising Made Simple

Benjamin Stout, Julia Foote, Nathaniel Kaldor

Round-Ups

Spare change from your daily purchases is donated towards a campaign of your choice.

Reoccurring

Donations can be scheduled weekly, monthly or yearly.

Lump Sum

Make a one-time donation towards a campaign of your choosing.

ARCHITECTURE

- Cloud based
- Plaid API
- Stripe API
- MySQL Database
- PHPmyAdmin DB Dashboard
- CakePHP Framework using Model View Controller (MVC) conventions
- Passwords hashed using bcrypt
- Secure Socket Layer (SSL) encryption
