\*Take the Math Placement Exam before Fall freshman year. Take the calculus placement exam, too. If Pre-Calculus MAT 1110 is indicated by the placement, stay on sequence in Math by taking 1110 in fall. Take BIO 2101 later.

\*\*CHM 1213 can be taken in a later year because the only class that it is a pre-req for is CHM 3540.

\*\*\*Majors should do CHM 4960 Undergraduate Research during the academic year and/or do research during Summer.

\*\*\*\*May be taken senior year. CHM 4542 is offered every other year and its pre-req is CHM 3540.
