Notice Regarding Your Student Health Insurance Coverage

This Student health insurance coverage, offered by UnitedHealthcare Insurance Company, may not meet the minimum standards required by the health care reform law for restrictions on annual dollar limits. The annual dollar limits ensure that consumers have sufficient access to medical benefits throughout the annual term of the policy. Restrictions for annual dollar limits for group and individual health insurance coverage are $1.25 million for policy years before September 23, 2012; and $2 million for policy years beginning on or after September 23, 2012 but before January 1, 2014. Restrictions on annual dollar limits for student health insurance coverage are $100,000 for policy years before September 23, 2012 and $500,000 for policy years beginning on or after September 23, 2012 but before January 1, 2014. This student health insurance coverage puts a policy year limit of $200,000 that applies to the essential benefits provided in the Schedule of Benefits unless otherwise specified. If you have any questions or concerns about this notice, contact Customer Service at 1-800-767-0700. Be advised that an Insured Person may be eligible for coverage under a group health plan of a parent’s employer or under a parent’s individual health insurance policy if an Insured Person is under the age of 26. Contact the plan administrator of the parent’s employer plan or the parent’s individual health insurance issuer for more information.

PART I
ELIGIBILITY AND TERMINATION PROVISIONS

Eligibility: Each person who belongs to one of the "Classes of Persons To Be Insured" as set forth in the application is eligible to be insured under this policy. The Named Insured must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the Named Insured actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the policy eligibility requirements have been met. If and whenever the Company discovers that the policy eligibility requirements have not been met, its only obligation is refund of premium.

The eligibility date for Dependents of the Named Insured (as defined) shall be determined in accordance with the following:

1) If a Named Insured has Dependents on the date he or she is eligible for insurance; or
2) If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
   (a) On the date the Named Insured marries the Dependent; or
   (b) On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the "Definitions" section of this policy.

Dependent eligibility expires concurrently with that of the Named Insured.

Eligible persons may be insured under this policy subject to the following:

1) Payment of premium as set forth on the policy application; and,
2) Application to the Company for such coverage.

Effective Date: Insurance under this policy shall become effective on the later of the following dates:

1) The Effective Date of the policy; or
2) The date premium is received by the Administrator.

Dependent coverage will not be effective prior to that of the Named Insured.

Termination Date: The coverage provided with respect to the Named Insured shall terminate on the earliest of the following dates:

1) The last day of the period through which the premium is paid; or
2) The date the policy terminates.

The coverage provided with respect to any Dependent shall terminate on the earliest of the following dates:

1) The last day of the period through which the premium is paid;
2) The date the policy terminates; or
3) The date the Named Insured's coverage terminates.

Named Insured Only - this plan is renewable while the Named Insured continues to be enrolled as a regular full-time undergraduate or graduate student at an accredited higher education institution.
PART II
GENERAL PROVISIONS

ENTIRE CONTRACT CHANGES: This policy, including the endorsements and attached papers, if any, and the application of the Policyholder shall constitute the entire contract between the parties. No agent has authority to change this policy or to waive any of its provisions. No change in the policy shall be valid until approved by an executive officer of the Company and unless such approval be endorsed hereon or attached hereto. Such an endorsement or attachment shall be effective without the consent of the Insured Person but shall be without prejudice to any claim arising prior to its Effective Date.

REPRESENTATIONS: All statements made by the Policyholder or by the individuals insured shall in the absence of fraud be deemed representations and not warranties, and that no statement made by any Insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such Insured or to his beneficiary, if any.

PAYMENT OF PREMIUM: All premiums are payable in advance for each policy term in accordance with the Company's premium rates. The full premium must be paid even if the premium is received after the policy Effective Date. There is no pro-rata or reduced premium payment for late enrollees. Coverage under the policy may not be cancelled and no refunds will be provided unless the Insured enters the armed forces. A pro-rata premium will be refunded upon request when the insured enters the armed forces.

Premium adjustments involving return of unearned premiums to the Policyholder will be limited to a period of 12 months immediately preceding the date of receipt by the Company of evidence that adjustments should be made. Premiums are payable to the Company, P.O. Box 809026, Dallas, Texas 75380-9026.

NOTICE OF CLAIM: Written notice of claim must be given to the Company within 90 days after the occurrence or commencement of any loss covered by this policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the Named Insured to the Company, P.O. Box 809025, Dallas, Texas 75380-9025 with information sufficient to identify the Named Insured shall be deemed notice to the Company.

CLAIM FORMS: Claim forms are not required.

PROOF OF LOSS: Written proof of loss must be furnished to the Company at its said office within 90 days after the date of such loss. Failure to furnish such proof within the time required will not invalidate nor reduce any claim if it was not reasonably possible to furnish proof. In no event except in the absence of legal capacity shall written proofs of loss be furnished later than one year from the time proof is otherwise required.

TIME OF PAYMENT OF CLAIM: Indemnities payable under this policy for any loss will be paid upon receipt of due written proof of such loss.

PAYMENT OF CLAIMS: All or a portion of any indemnities provided by this policy may, at the Company's option, and unless the Named Insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the Hospital or person rendering such service. Otherwise, accrued indemnities will be paid to the Named Insured or the estate of the Named Insured. Any payment so made shall discharge the Company's obligation to the extent of the amount of benefits so paid.

PHYSICAL EXAMINATION: As a part of Proof of Loss, the Company at its own expense shall have the right and opportunity: 1) to examine the person of any Insured Person when and as often as it may reasonably require during the pendency of a claim; and, 2) to have an autopsy made in case of death where it is not forbidden by law. The Company has the right to secure a second opinion regarding treatment or hospitalization. Failure of an Insured to present himself or herself for examination by a Physician when requested shall authorize the Company to: (1) withhold any payment of Covered Medical Expenses until such examination is performed and Physician's report received; and (2) deduct from any amounts otherwise payable hereunder any amount for which the Company has become obligated to pay to a Physician retained by the Company to make an examination for which the Insured failed to appear. Said deduction shall be made with the same force and effect as a Deductible herein defined.
LEGAL ACTIONS: No action at law or in equity shall be brought to recover on this policy prior to the expiration of 60 days after written proofs of loss have been furnished in accordance with the requirements of this policy. No such action shall be brought after the expiration of 3 years after the time written proofs of loss are required to be furnished.

SUBROGATION: The Company shall be subrogated to all rights of recovery which any Insured Person has against any person, firm or corporation to the extent of payments for benefits made by the Company to or for benefit of an Insured Person. The Insured shall execute and deliver such instruments and papers as may be required and do whatever else is necessary to secure such rights to the Company. The Company shall recover only that portion paid by the Company which is in excess of the amount necessary to fully compensate the Insured for all expenses incurred as a result of his loss. The Insured shall be permitted to recoup his general damages, which is not limited to medical expenses, from the tort-feasor before subrogation provided that in so doing, the Insured does not prejudice the rights of the Company.

RIGHT OF RECOVERY: Payments made by the Company which exceed the Covered Medical Expenses (after allowance for Deductible and Coinsurance clauses, if any) payable hereunder shall be recoverable by the Company from or among any persons, firms, or corporations to or for whom such payments were made or from any insurance organizations who are obligated in respect of any covered Injury or Sickness as their liability may appear.

MORE THAN ONE POLICY: Insurance effective at any one time on the Insured Person under a like policy, or policies in this Company is limited to the one such policy elected by the Insured Person, his beneficiary or his estate, as the case may be, and the Company will return all premiums paid for all other such policies.

PART III
DEFINITIONS

ADOPTED CHILD means the adopted child placed with an Insured while that person is covered under this policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted child not more than 30 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured’s residence.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

COINSURANCE means the percentage of Covered Medical Expenses that the Company pays.

COMPLICATION OF PREGNANCY means a condition: 1) caused by pregnancy; 2) requiring medical treatment prior to, or subsequent to termination of pregnancy; 3) the diagnosis of which is distinct from pregnancy; and 4) which constitutes a classifiably distinct complication of pregnancy. A condition simply associated with the management of a difficult pregnancy is not considered a complication of pregnancy.

COPAY/COPAYMENT means a specified dollar amount that the Insured is required to pay for certain Covered Medical Expenses.

COVERED MEDICAL EXPENSES means reasonable charges which are: 1) not in excess of Usual and Customary Charges; 2) not in excess of the Preferred Allowance when the policy includes Preferred Provider benefits and the charges are received from a Preferred Provider; 3) not in excess of the maximum benefit amount payable per service as specified in the Schedule of Benefits; 4) made for services and supplies not excluded under the policy; 5) made for services and supplies which are a Medical Necessity; 6) made for services included in the Schedule of Benefits; and 7) in excess of the amount stated as a Deductible, if any.

Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.
CUSTODIAL CARE means services that are any of the following:

1) Non-health related services, such as assistance in activities.
2) Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
3) Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

DEDUCTIBLE means if an amount is stated in the Schedule of Benefits or any endorsement to this policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

DEPENDENT means the spouse of the Named Insured and their dependent-children. Children shall cease to be dependent at the end of the month in which they attain the age of 26 years.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

1) Incapable of self-sustaining employment by reason of developmental disability or physical handicap.
2) Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually after a two year period following the child's attainment of the limiting age.

If a claim is denied under the policy because the child has attained the limiting age for dependent children, the burden is on the Insured Person to establish that the child is and continues to be handicapped as defined by subsections (1) and (2).

ELECTIVE SURGERY OR ELECTIVE TREATMENT means those health care services or supplies that do not meet the health care need for a Sickness or Injury. Elective surgery or elective treatment includes any service, treatment or supplies that: 1) are deemed by the Company to be research or experimental; or 2) are not recognized and generally accepted medical practices in the United States.

HOSPITAL means a licensed or properly accredited general hospital which: 1) is open at all times; 2) is operated primarily and continuously for the treatment of and surgery for sick and injured persons as Inpatients; 3) is under the supervision of a staff of one or more legally qualified Physicians available at all times; 4) continuously provides on the premises 24 hour nursing service by Registered Nurses; 5) provides organized facilities for diagnosis and major surgery on the premises; and 6) is not primarily a clinic, nursing, rest or convalescent home.

HOSPITAL CONFINED/HOSPITAL CONFINEMENT means confinement as an Inpatient in a Hospital by reason of an Injury or Sickness for which benefits are payable.

INJURY means bodily injury which is all of the following:

1) directly and independently caused by specific accidental contact with another body or object.
2) unrelated to any pathological, functional, or structural disorder.
3) a source of loss.
4) treated by a Physician.
5) sustained while the Insured Person is covered under this policy.

All injuries sustained in one accident, including all related conditions and recurrent symptoms of these injuries will be considered one injury. Injury does not include loss which results wholly or in part, directly or indirectly, from disease or other bodily infirmity. Covered Medical Expenses incurred as a result of an injury that occurred prior to this policy’s Effective Date will be considered a Sickness under this policy.

INPATIENT means an uninterrupted confinement that follows formal admission to a Hospital by reason of an Injury or Sickness for which benefits are payable under this policy.
INSURED PERSON means: 1) the Named Insured; and, 2) Dependents of the Named Insured, if: 1) the Dependent is properly enrolled in the program, and 2) the appropriate Dependent premium has been paid. The term "Insured" also means Insured Person.

INTENSIVE CARE means: 1) a specifically designated facility of the Hospital that provides the highest level of medical care; and 2) which is restricted to those patients who are critically ill or injured. Such facility must be separate and apart from the surgical recovery room and from rooms, beds and wards customarily used for patient confinement. They must be: 1) permanently equipped with special life-saving equipment for the care of the critically ill or injured; and 2) under constant and continuous observation by nursing staff assigned on a full-time basis, exclusively to the intensive care unit. Intensive care does not mean any of these step-down units:

1) Progressive care.
2) Sub-acute intensive care.
3) Intermediate care units.
4) Private monitored rooms.
5) Observation units.
6) Other facilities which do not meet the standards for intensive care.

MEDICAL EMERGENCY means the occurrence of a sudden, serious and unexpected Sickness or Injury. In the absence of immediate medical attention, a reasonable person could believe this condition would result in any of the following:

1) Death.
2) Placement of the Insured's health in jeopardy.
3) Serious impairment of bodily functions.
4) Serious dysfunction of any body organ or part.
5) In the case of a pregnant woman, serious jeopardy to the health of the fetus.

Expenses incurred for "Medical Emergency" will be paid only for Sickness or Injury which fulfills the above conditions. These expenses will not be paid for minor Injuries or minor Sicknesses.

MEDICAL NECESSITY means those services or supplies provided or prescribed by a Hospital or Physician which are all of the following:

1) Essential for the symptoms and diagnosis or treatment of the Sickness or Injury.
2) Provided for the diagnosis, or the direct care and treatment of the Sickness or Injury.
3) In accordance with the standards of good medical practice.
4) Not primarily for the convenience of the Insured, or the Insured's Physician.
5) The most appropriate supply or level of service which can safely be provided to the Insured.

The Medical Necessity of being confined as an Inpatient means that both:

1) The Insured requires acute care as a bed patient.
2) The Insured cannot receive safe and adequate care as an outpatient.

This policy only provides payment for services, procedures and supplies which are a Medical Necessity. No benefits will be paid for expenses which are determined not to be a Medical Necessity, including any or all days of Inpatient confinement.

MENTAL ILLNESS means medically necessary Inpatient and outpatient services provided to treat Mental Disorders covered by the diagnostic categories listed in the most current version of the Diagnostic and Statistical Manual of Mental Disorders (DSM), published by the American Psychiatric Association, with the exception of the following categories, codes and services: (a) Substance related disorders; (b) life transition problems, currently referred to as “v” codes, and diagnostic codes 302 through 302.9 as found in the Diagnostic and Statistical Manual of Mental Disorders (DSM), 4th edition, published by the American Psychiatric Association; and (c) skilled nursing facility services, home health care, residential treatment, and custodial care.

NAMED INSURED means an eligible, registered student of the Policyholder, if: 1) the student is properly enrolled in the program; and 2) the appropriate premium for coverage has been paid.
NEWBORN INFANT means any child born of an Insured while that person is insured under this policy. Newborn Infants will be covered under the policy for the first 31 days after birth. Coverage for such a child will be for Injury or Sickness, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care; benefits will be the same as for the Insured Person who is the child's parent.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's birth: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's birth.

OUT-OF-POCKET MAXIMUM means the amount of Covered Medical Expenses that must be paid by the Insured Person before Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year according to the policy Schedule of Benefits. The following expenses do not apply toward meeting the Out-of-Pocket Maximum, unless otherwise specified in the policy Schedule of Benefits:

1) Deductibles.
2) Copays.
3) Expenses that are not Covered Medical Expenses.

PHYSICIAN means a legally qualified licensed practitioner of the healing arts who provides care within the scope of his/her license, other than a member of the person’s immediate family.

The term “member of the immediate family” means any person related to an Insured Person within the third degree by the laws of consanguinity or affinity.

PHYSIOTHERAPY means any form of the following short-term rehabilitation therapies: physical or mechanical therapy; diathermy; ultra-sonic therapy; heat treatment in any form; manipulation or massage administered by a Physician.

POLICY YEAR means the period of time beginning on the policy Effective Date and ending on the policy Termination Date.

PRE-EXISTING CONDITION means: 1) the existence of symptoms within the 3 months immediately prior to the Insured's Effective Date under the policy; or, 2) any condition which is diagnosed, treated or recommended for treatment within the 3 months immediately prior to the Insured's Effective Date under the policy.

PRESCRIPTION DRUGS mean: 1) prescription legend drugs; 2) compound medications of which at least one ingredient is a prescription legend drug; 3) any other drugs which under the applicable state or federal law may be dispensed only upon written prescription of a Physician; and 4) injectable insulin.

REGISTERED NURSE means a professional nurse (R.N.) who is not a member of the Insured Person's immediate family.

SICKNESS means sickness or disease of the Insured Person which causes loss, and originates while the Insured Person is covered under this policy. All related conditions and recurrent symptoms of the same or a similar condition will be considered one sickness. Covered Medical Expenses incurred as a result of an Injury that occurred prior to this policy’s Effective Date will be considered a sickness under this policy.

SOUND, NATURAL TEETH means natural teeth, the major portion of the individual tooth is present, regardless of fillings or caps; and is not carious, abscessed, or defective.

SUBSTANCE USE DISORDER means a Sickness that is listed as an alcoholism and substance use disorder in the current Diagnostic and Statistical Manual of the American Psychiatric Association. The fact that a disorder is listed in the Diagnostic and Statistical Manual of the American Psychiatric Association does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all alcoholism and substance use disorders are considered one Sickness.
USUAL AND CUSTOMARY CHARGES means the lesser of the actual charge or a reasonable charge which is: 1) usual and customary when compared with the charges made for similar services and supplies; and 2) made to persons having similar medical conditions in the locality of the Policyholder. The Company uses data from FAIR Health, Inc. to determine Usual and Customary Charges. No payment will be made under this policy for any expenses incurred which in the judgment of the Company are in excess of Usual and Customary Charges.
PART IV
EXTENSION OF BENEFITS AFTER TERMINATION

The coverage provided under this policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days for Sickness after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

The Preferred Provider for this plan is UnitedHealthcare Choice Plus.

If care is received from a Preferred Provider any Covered Medical Expenses will be paid at the Preferred Provider level of benefits. If a Preferred Provider is not available in the Network Area, benefits will be paid at the level of benefits shown as Preferred Provider benefits. If the Covered Medical Expense is incurred due to a Medical Emergency, benefits will be paid at the Preferred Provider level of benefits. In all other situations, reduced or lower benefits will be provided when an Out-of-Network provider is used.

Out-of-Pocket Maximum: After the Out-of-Pocket Maximum has been satisfied, Covered Medical Expenses will be paid at 100% up to the policy Maximum Benefit subject to any benefit maximums that may apply. Separate Out-of-Pocket Maximums apply to Preferred Provider and Out-of-Network benefits. The Copays and per service Deductibles and services that are not Covered Medical Expenses do not count toward meeting the Out-of-Pocket Maximum. Even when the Out-of-Pocket Maximum has been satisfied, the Insured Person will still be responsible for Copays and per service Deductibles.

The benefits payable are as defined in and subject to all provisions of this policy and any endorsements thereto. Benefits are subject to the policy Maximum Benefit unless otherwise specifically stated. Benefits will be paid up to the maximum benefit for each service as scheduled below. All benefit maximums are combined Preferred Provider and Out-of-Network unless otherwise specifically stated.

“Preferred Providers” are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

**Inpatient Expenses**

**PREFERRED PROVIDERS** – Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. Preferred Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities. Call (800) 767-0700 for information about Preferred Hospitals.

COORDINATION OF BENEFITS PROVISION

Notice to Insured Persons: If you are covered by more than one health benefit plan, and you do not know which is your Primary Plan, you or your provider should contact any one of the health plans to verify which plan is primary. The health plan you contact is responsible for working with the other plan to determine which is primary and will let you know within thirty calendar days.

CAUTION: All health plans have timely claim filing requirements. If you or your provider fails to submit your claim to a secondary health plan within that plan's claim filing time limit, the plan can deny the claim. If you experience delays in the processing of your claim by the primary health plan, you or your provider will need to submit your claim to the secondary health plan within its claim filing time limit to prevent a denial of the claim.

To avoid delays in claims processing, if you are covered by more than one plan you should promptly report to your providers and plans any changes in your coverage.

Definitions

(1) **Allowable Expenses:** Any health care service or expense, including Coinsurance, or Copayments and without reduction for any applicable Deductible that is covered in full or in part by any of the Plans covering the Insured Person. When coordinating benefits, any secondary plans must pay an amount which, together with the payment made by the primary plan, totals the same allowable expense as the secondary plan would have paid if it was the primary plan. If a Plan is advised by an Insured Person that all Plans covering the Insured Person are high-deductible health plans and the Insured Person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high-deductible health plan’s deductible is not an allowable expense, except for any health care expense incurred that may not be subject to the deductible as described in s 223(c)(2)(C) of the Internal Revenue Code of 1986. If a Plan provides benefits in the form of services, the reasonable cash value of each service is considered an allowable expense and a benefit paid. An expense or service or a portion of an expense or service that is not covered by any of the plans is not an allowable expense. Any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging an Insured Person is not an allowable expense. Expenses that are not allowable include all of the following.

(a) The difference between the cost of a semi-private hospital room and a private hospital room, unless one of the Plans provides coverage for private hospital rooms.

(b) For Plans that compute benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specified benefit.

(c) For Plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees.

(2) **Closed Panel Plan:** A Plan that provides health benefits to covered persons in the form of services primarily through a panel of providers that are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

(3) **Plan:** A form of coverage with which coordination is allowed.

Plan includes all of the following:

(a) Group, individual or blanket insurance contracts and subscriber contracts.

(b) Group or individual coverage through closed panel plans.
(c) The medical care components of long-term care contracts, such as skilled nursing care.
(d) Medicare or other governmental benefits, as permitted by law, except for Medicare supplement coverage. That part of the definition of plan may be limited to the hospital, medical, and surgical benefits of the governmental program.

Plan does not include any of the following:
(a) Hospital indemnity or fixed payment coverage benefits or other fixed indemnity or payment coverage.
(b) Accident only coverage.
(c) Limited benefit health coverage as defined by state law.
(d) Specified disease or specified accident coverage.
(e) School accident-type coverages that cover students for accidents only, including athletic injuries, either on a twenty four hour basis or on a “to and from school” basis;
(f) Benefits provided in long term care insurance policies for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services.
(g) Medicare supplement policies.
(h) State Plans under Medicaid.
(i) A governmental plan, which, by law, provides benefits that are in excess of those of any private insurance plan or other nongovernmental plan.
(j) Automobile insurance policies required by statute to provide medical benefits.
(k) Benefits provided as part of a direct agreement with a direct patient-provider primary care practice as defined by state law (section 3, chapter 267, Laws of 2007).

(4) **Primary Plan:** A Plan whose benefits for a person’s health care coverage must be determined without taking the existence of any other Plan into consideration. A Plan is a primary plan if: 1) the Plan either has no order of benefit determination rules or its rules differ from those outlined in this Coordination of Benefits Provision; or 2) all Plans that cover the Insured Person use the order of benefit determination rules and under those rules the Plan determines its benefits first.

(5) **Secondary Plan:** A Plan that is not the Primary Plan.

(6) **We, Us or Our:** The Company named in the policy to which this endorsement is attached.

**Rules for Coordination of Benefits** - When an Insured Person is covered by two or more Plans, the rules for determining the order of benefit payments are outlined below.

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

If an Insured is covered by more than one Secondary Plan, the Order of Benefit Determination rules in this provision shall decide the order in which the Secondary Plan’s benefits are determined in relation to each other. Each Secondary Plan must take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plans, which has its benefits determined before those of that Secondary Plan.

A Plan that does not contain a coordination of benefits provision that is consistent with this provision is always Primary Plan unless the provisions of both Plans state that the complying Plan is primary. This does not apply to coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out of network benefits.

If the Primary Plan is a closed panel plan and the Secondary Plan is not a closed panel plan, the Secondary Plan must pay or provide benefits as if it were the Primary Plan when an Insured Person uses a non-panel provider, except for emergency services or authorized referrals that are paid or provided by the Primary Plan.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
Order of Benefit Determination - Each Plan determines its order of benefits using the first of the following rules that apply:

1) **Non-Dependent/Dependent.** The benefits of the Plan which covers the person other than as a dependent, for example as an employee, member or subscriber, policyholder or retiree, are determined before those of the Plan which covers the person as a Dependent. If the person is a Medicare beneficiary, and, as a result of the provisions of Title XVII of the Social Security Act and implementing regulations, Medicare is both (i) secondary to the plan covering the person as a dependent; and (ii) primary to the plan covering the person as other than a dependent, then the order of benefit is reversed. The plan covering the person as an employee, member, subscriber, policyholder or retiree is the secondary plan and the other plan covering the person as a dependent is the primary plan.

2) **Dependent Child/Parents Married or Living Together.** When this Plan and another Plan cover the same child as a Dependent of different persons, called "parents" who are married or are living together whether or not they have ever been married:

   a) the benefits of the Plan of the parent whose birthday falls earlier in a calendar year exclusive of year of birth are determined before those of the Plan of the parent whose birthday falls later in that year.

   b) However, if both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.

3) **Dependent Child/Parents Divorced, Separated or Not Living Together.** If two or more Plans cover a person as a Dependent child of parents who are divorced or separated or are not living together, whether or not they have ever been married, benefits for the child are determined in this order:

   If the specific terms of a court decree state that one of the parents is responsible for the health care services or expenses of the child and that Plan has actual knowledge of those terms, that Plan is primary. If the parent with financial responsibility has no coverage for the child’s health care services or expenses, but that parent’s spouse does, the spouse’s Plan is primary. This item shall not apply with respect to any Plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

   If a court decree states one parent is to assume primary financial responsibility for the child but does not mention responsibility for health care expenses, the plan of the parent assuming financial responsibility is primary.

   If a court decree states that both parents are responsible for the child’s health care expenses or coverage, the order of benefit shall be determined in accordance with part (2).

   If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the child, the order of benefits shall be determined in accordance with the rules in part (2).

   If there is no court decree allocating responsibility for the child’s health care expenses or coverage, the order of benefits are as follows:

   a) First, the Plan of the parent with custody of the child.

   b) Then Plan of the spouse of the parent with the custody of the child.

   c) The Plan of the parent not having custody of the child.

   d) Finally, the Plan of the spouse of the parent not having custody of the child.

4) **Dependent Child/Non-Parental Coverage.** If a Dependent child is covered under more than one Plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as if those individuals were parents of the child.

5) **Active/Inactive Employee.** The benefits of a Plan which covers a person as an employee who is neither laid off nor retired (or as that employee's Dependent) are determined before those of a Plan which covers that person as a laid off or retired employee (or as that employee's Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
(6) **COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation pursuant to federal or state law also is covered under another Plan, the following shall be the order of benefit determination:

(a) First, the benefits of a Plan covering the person as an employee, member, subscriber, or retiree or as that person’s Dependent.
(b) Second, the benefits under the COBRA or continuation coverage.
(c) If the other Plan does not have the rule described here and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

(7) **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the Plan which covered the Insured Person longer are determined before those of the Plan which covered that person for the shorter time.

If none of the provisions stated above determine the Primary Plan, the Allowable Expenses shall be shared equally between the Plans.

**Effect on Benefits -** When Our Plan is secondary, We may reduce Our benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to the Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

**Right to Recovery and Release of Necessary Information -** For the purpose of determining applicability of and implementing the terms of this Provision, We may, without further consent or notice, release to or obtain from any other insurance company or organization any information, with respect to any person, necessary for such purposes. Any person claiming benefits under Our coverage shall give Us the information We need to implement this Provision. We will give notice of this exchange of claim and benefit information to the Insured Person when any claim is filed.

**Facility of Payment and Recovery -** Whenever payments which should have been made under our Coverage have been made under any other Plans, We shall have the right to pay over to any organizations that made such other payments, any amounts that are needed in order to satisfy the intent of this Provision. Any amounts so paid will be deemed to be benefits paid under Our coverage. To the extent of such payments, We will be fully discharged from Our liability.

Whenever We have made payments with respect to Allowable Expenses in total amount at any time, which are more than the maximum amount of payment needed at that time to satisfy the intent of this Provision, We may recover such excess payments. Such excess payments may be received from among one or more of the following, as We determine: any persons to or for or with respect to whom such payments were made, any other insurers, service plans or any other organizations.

POLICY ENDORSEMENT

In consideration of the premium charged, it is hereby understood and agreed that the policy to which this endorsement is attached is amended as follows:

UnitedHealthcare Network Pharmacy Prescription Drug Benefits

Benefits are available for Prescription Drug Products at a Network Pharmacy as specified in the policy Schedule of Benefits subject to all terms of the policy and the provisions, definitions and exclusions specified in this endorsement.

Copayment and/or Coinsurance Amount

For Prescription Drug Products at a retail Network Pharmacy, Insured Persons are responsible for paying the lower of:
- The applicable Copayment and/or Coinsurance; or
- The Network Pharmacy’s Usual and Customary Fee for the Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, Insured Persons are responsible for paying the lower of:
- The applicable Copayment and/or Coinsurance; or
- The Prescription Drug Cost for that Prescription Drug Product.

Supply Limits

Benefits for Prescription Drug Products are subject to supply limits as written by the Physician and the supply limits that are stated in the Schedule of Benefits. For a single Copayment and/or Coinsurance, the Insured may receive a Prescription Drug Product up to the stated supply limit.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

When a Prescription Drug Product is dispensed from a Mail Order Network Pharmacy, the Prescription Drug Product is subject to the supply limit stated in the Schedule of Benefits, unless adjusted based on the drug manufacturer’s packaging size, or based on supply limits.

Note: Some products are subject to additional supply limits based on criteria that the Company has developed, subject to its periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply.

The Insured may determine whether a Prescription Drug Product has been assigned a maximum quantity level for dispensing through the Internet at www.uhcsr.com or by calling Customer Service at 1-877-417-7345.

If a Brand-name Drug Becomes Available as a Generic

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug may change, and therefore the Copayment and/or Coinsurance may change. The Insured will pay the Copayment and/or Coinsurance applicable for the tier to which the Prescription Drug is assigned.

Notification Requirements

Before certain Prescription Drug Products are dispensed at a Network Pharmacy, either the Insured’s Physician, Insured’s pharmacist or the Insured is required to notify the Company or our designee. The reason for notifying the Company is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Medical Expense.
- It is not an Experimental or Investigational or Unproven Service.
If the Company is not notified before the Prescription Drug Product is dispensed, the Insured may pay more for that Prescription Order or Refill. The Prescription Drugs requiring notification are subject to Company periodic review and modification. The Insured may determine whether a particular Prescription Drug requires notification through the Internet at www.uhcsr.com or by calling Customer Service at 1-877-417-7345.

If the Company is not notified before the Prescription Drug Product is dispensed, the Insured can ask the Company to consider reimbursement after the Insured receives the Prescription Drug Product. The Insured will be required to pay for the Prescription Drug Product at the pharmacy.

When the Insured submits a claim on this basis, the Insured may pay more because they did not notify the Company before the Prescription Drug Product was dispensed. The amount the Insured is reimbursed will be based on the Prescription Drug Cost, less the required Copayment and/or Coinsurance and any Deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Company reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Medical Expense or it is an Experimental or Investigational or Unproven Service.

**Limitation on Selection of Pharmacies**

If the Company determines that an Insured Person may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, the Insured Person’s selection of Network Pharmacies may be limited. If this happens, the Company may require the Insured to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if the Insured uses the designated single Network Pharmacy. If the Insured does not make a selection within 31 days of the date the Company notifies the Insured, the Company will select a single Network Pharmacy for the Insured.

**Coverage Policies and Guidelines**

The Company’s Prescription Drug List ("PDL") Management Committee is authorized to make tier placement changes on its behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether supply limits or notification requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product’s acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for specific indications as compared to others, therefore; a Prescription Drug may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed.

The Company may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to the Insured.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Insured Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Insured Person is a determination that is made by the Insured Person and the prescribing Physician.

NOTE: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, the Insured may be required to pay more or less for that Prescription Drug Product. Please access www.uhcsr.com 1-877-417-7345 for the most up-to-date tier status.
Rebates and Other Payments

The Company may receive rebates for certain drugs included on the Prescription Drug List. The Company does not pass these rebates on to the Insured Person, nor are they applied to the Insured’s Deductible or taken into account in determining the Insured’s Copayments and/or Coinsurance.

The Company, and a number of its affiliated entities, conducts business with various pharmaceutical manufacturers separate and apart from this Prescription Drug Endorsement. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Benefit. The Company is not required to pass on to the Insured, and does not pass on to the Insured, such amounts.

Definitions

Brand-name means a Prescription Drug: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured’s Physician may not be classified as Brand-name by the Company.

Chemically Equivalent means when Prescription Drug Products contain the same active ingredient.

Experimental or Investigational Services means medical, surgical, diagnostic, psychiatric, substance abuse or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

1) Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.
2) Subject to review and approval by any institutional review board for the proposed use.
3) The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

If the Insured has a life-threatening Injury or Sickness (one which is likely to cause death within one year of the request for treatment) the Company may, in its discretion, determine that an Experimental or Investigational Service meets the definition of a Covered Medical Expense for that Injury or Sickness. For this to take place, the Company must determine that the procedure or treatment is promising, but unproven, and that the service uses a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

Unproven Services means services that are not consistent with conclusions of prevailing medical research which demonstrate that the health service has a beneficial effect on health outcomes and that are not based on trials that meet either of the following designs.

1) Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
2) Well-conducted cohort studies. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

Decisions about whether to cover new technologies, procedures and treatments will be consistent with conclusions of prevailing medical research, based on well-conducted randomized trials or cohort studies, as described.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, determine that an Unproven Service meets the definition of a Covered Medical Expense for that Injury or Sickness. For this to take place, the Company must determine that the procedure or treatment is promising, but unproven, and that the service uses a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.
**Generic** means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "generic" by the manufacturer, pharmacy or Insured’s Physician may not be classified as a Generic by the Company.

**Network Pharmacy** means a pharmacy that has:

- Entered into an agreement with the Company or an organization contracting on our behalf to provide Prescription Drug Products to Insured Persons.
- Agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- Been designated by the Company as a Network Pharmacy.

**Prescription Drug or Prescription Drug Product** means a medication, product or device that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of the benefits under the policy, this definition includes insulin.

**Prescription Drug Cost** means the rate the Company has agreed to pay the Network Pharmacies, including a dispensing fee and any applicable sales tax, for a Prescription Drug Product dispensed at a Network Pharmacy.

**Prescription Drug List** means a list that categorizes into tiers medications, products or devices that have been approved by the U.S. Food and Drug Administration. This list is subject to the Company’s periodic review and modification (generally quarterly, but no more than six times per calendar year). The Insured may determine to which tier a particular Prescription Drug Product has been assigned through the Internet at [www.uhcsr.com](http://www.uhcsr.com) or call Customer Service 1-877-417-7345.

**Prescription Drug List Management Committee** means the committee that the Company designates for, among other responsibilities, classifying Prescription Drugs into specific tiers.

**Therapeutically Equivalent** means when Prescription Drugs can be expected to produce essentially the same therapeutic outcome and toxicity.

**Usual and Customary Fee** means the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. The Usual and Customary Fee includes a dispensing fee and any applicable sales tax.
Additional Exclusions

In addition to the policy Exclusions and Limitations, the following Exclusions apply:

1. Coverage for Prescription Drug Products for the amount dispensed (days' supply or quantity limit) which exceeds the supply limit.

2. Experimental or Investigational Services or Unproven Services and medications; medications used for experimental indications and/or dosage regimens determined by the Company to be experimental, investigational or unproven.

3. Compounded drugs that do not contain at least one ingredient that has been approved by the U.S. Food and Drug Administration and requires a Prescription Order or Refill. Compounded drugs that are available as a similar commercially available Prescription Drug Product. Compounded drugs that contain at least one ingredient that requires a Prescription Order or Refill are assigned to Tier-3.

4. Drugs available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless the Company has designated the over-the-counter medication as eligible for coverage as if it were a Prescription Drug Product and it is obtained with a Prescription Order or Refill from a Physician. Prescription Drug Products that are available in over-the-counter form or comprised of components that are available in over-the-counter form or equivalent. Certain Prescription Drug Products that the Company has determined are Therapeutically Equivalent to an over-the-counter drug. Such determinations may be made up to six times during a calendar year, and the Company may decide at any time to reinstate Benefits for a Prescription Drug Product that was previously excluded under this provision.

5. Any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease, even when used for the treatment of Sickness or Injury, except as required by state mandate.

This endorsement takes effect and expires concurrently with the policy to which it is attached, and is subject to all of the terms and conditions of the policy not inconsistent therewith.
