The total loan amount you borrowed at SPU listed below including any conditional grants/scholarships is $25,000. Conditional grants/scholarships are included because these awards may be converted to a loan if conditions are not met. The total amount is the sum of all amounts borrowed and does not include any amount you have paid on the loan, or fees due, or interest that is due. Additionally, if you have consolidated any of these loans the consolidation is not reflected.

Repayment Responsibilities

The loans you borrowed are important financial obligations that require your attention now and throughout the time you will be making payments on the loan.

You are responsible to:
- Read all forms, documents and correspondence carefully
- Understand your rights and responsibilities
- Ask questions

Master Promissory Note Information:
- Legally binding document
- Specifies your rights and responsibilities
- Must be signed in order to receive loan funds
- Valid for multiple loans over 10 years if a disbursement is made within 12 months of signing

©2001 Seattle Pacific University
Repayment Responsibilities

When you signed the promissory note you promised to repay your loan.

You must repay the loan even if you:

- Don’t complete your program of study
- Don’t complete your program within the standard allotted timeframe
- Are unable to locate employment after completing your program
- Are dissatisfied with or don’t receive the services purchased from the school
- Don’t receive statements, payment coupons or reminders
Loan Servicing

Loan servicers manage billing, records and receive payments for your loans. During repayment they will be your primary point of contact.

- You may have multiple loan servicers
- Submit requests for deferment and forbearance to each servicer
- Loan servicers may change during the repayment of your loan
- Loan servicers will report the status of each of your loans to the national credit bureaus monthly
- Update your contact information with each servicer

TIP: If you have a family arrangement that your parents will be making payments to your student loans OR if you will be making payments on parent PLUS loans be sure to fulfill your agreements and keep track of the loans to avoid any repayment problems.
Your loan servicer will mail information about your loan but you may also be able to sign up for e-billing.

- Be sure to open your mail!
- If your mailing address is not where you reside make plans to get your mail regularly.
- Update your address directly with each loan servicer; you can usually do this online.
- Do not rely on USPS mail forwarding service to update your address!
Federal Loan Types

Direct Loans (DL): Borrowed directly from the Department of Education and will be repaid directly to the federal government through your loan servicer.

- All subsidized/unsubsidized and PLUS loans disbursed on or after July 1, 2010 are DL loans

Federal Family Education Loan (FFEL): Federally backed loans borrowed from a bank or other private lender. FFEL loans are repaid to the bank or other private lender that made the loan.

- The FFEL program was eliminated in 2010

Why is this important?

1. Repayment plans and other provisions may be program specific

2. If you borrowed FFEL Loans you may have multiple loan servicers:
   - You may have Direct Loans and FFEL Loans
   - You may have FFEL loans that are serviced by a Direct Loan servicer and a non-Direct Loan servicer
Your Loan Terms: Subsidized Direct and FFEL Stafford

- Borrower is responsible for interest during repayment

- **For new borrowers on or after July 1, 2013:** Eligibility is limited to a maximum period of time equivalent to 150% of the published length of your program
  
  ➢ Review supplemental entrance counseling at SPU.edu/SFS (Loans → Loan Types → Direct Subsidized/Unsubsidized) for more information.

Loan Repayment Estimates

Your Loan Exit Cover letter provides you with estimated repayment information for Direct Subsidized-Unsubsidized/FFEL Stafford (Direct/FFEL) and PLUS loans based on the total borrowed at SPU and the estimated savings if you pay more than the estimated monthly payment.

The following example is for a loan total of $11,000 at 6.8% interest.

- A monthly payment of $127 is required to repay the loan within ten years.
- This borrower could save over $2,000 in interest by increasing their monthly payments by $90 per month to repay the loan in five years.

Your Loan Terms: Payment Methods

Payment methods available from your loan servicer may include:

- Coupon books
- Online payments
- Auto-debit from bank account

Your payment method could affect any borrower benefits your lender offered.

- Your grace period is an excellent time to set up online access to your account with each of your loan servicers. Be sure to review and update your contact information and explore the resources your servicers provide online.
- E-billing may be helpful if you anticipate frequent address changes.
Repaying Your Loans: Delinquency

Direct and FFEL loans offer various options and repayment plans to assist you with repayment. If you keep these options in mind and communicate promptly you should be able to keep your loans current and avoid delinquency and default.

Student Financial Services can provide assistance with Perkins, Nursing and SPU Institutional loans.

Loans become delinquent when you fail to make your scheduled payment on time.

Consequences of delinquent loans:

- Late charges and fines may be assessed
- Delinquent status reported your credit record monthly
- Increased risk of default
Consequences of Student Loan Default

- Loan may be accelerated (entire balance of loan including all principal, interest and fees become due; interest continues to accrue)
  - Perkins, Nursing and SPU Institutional loans are accelerated at 120 days past due
- Lose eligibility for future federal financial aid
  - Direct and FFEL Loans: at 270 days past due
  - Perkins: at 240 days past due
- Lose flexible loan repayment options & deferment eligibility
- Bad credit
- State-issued licenses can be withdrawn
- Income tax refunds can be withheld
- Wages may be garnished
- Interest continues to accumulate
- Ongoing collection activities, including addition of collection costs, collection fees and fines
- Legal action

Repaying Your Loans: Resolving Default

- You must contact your loan servicer and establish a plan for satisfactory repayment.
  - Regain financial aid eligibility with six monthly payments.
  - Consolidating defaulted federal loan(s) will regain eligibility for financial aid and loan deferment.

Prior to consolidation you may be required to make three monthly payments or you must agree to repay the loan under Income Contingent or Income-Derived repayment plans.

- Rehabilitation regains eligibility for financial aid and loan deferment and removes the default from your credit history.

Nine consecutive monthly payments are required as well as an agreement for each loan.

Rehabilitation is available for Direct Loans, FFEL Stafford, Grad PLUS, Perkins, and SPU Institutional loans.
You have the right to:

- Change repayment plans
- Pre-pay your loan at any time without fees or penalty

- Paying more than the scheduled monthly payment will not increase your monthly payment amount.

- Contact your loan servicer to discuss changing your repayment plan. In some circumstances you may benefit from staying on your current plan.

- Compare plans: Repayment Estimator at [StudentLoans.gov](http://StudentLoans.gov)
Successful Repayment - Plans

Paying more each month will shorten the repayment term and reduce the amount of interest paid.

If you use a plan that reduces your monthly payment you will pay more in interest and may extend the repayment term.
Repayment Plans: Direct/FFEL Stafford & Grad PLUS

Three Basic Plans

**Standard** repayment allows you to pay your loans over 10 years in equal monthly installments. This will be your repayment plan unless you select a different plan.
- Lowest lifetime costs
- Best for borrowers with stable, adequate earnings

**Graduated** repayment is designed for those who have a low salary early in their repayment period, but anticipate future higher incomes. You start with lower monthly payments that increase over time.

**Extended** repayment allows you to lower your monthly payments by extending your payments for up to 25 years if you borrowed more than $30,000 in FFEL Program or Direct Loan Program loans—separately, not combined.
- Lowers monthly payments by extending the loan terms up to 25 years
- Fixed or graduated payments
- Much higher lifetime costs
In addition to the three basic plans there are five income driven repayment (IDR) plans:

- Direct & FFEL Loans  IBR
- Direct Loans  IBR-New Borrower, PAYE & ICR
- FFEL Loans  ISR

These plans can make managing your loans a little bit easier because they offer:
- Monthly payments as low as $0 per month
- Payment amounts based on your income and loan debt
- Extended repayment periods
- Loan forgiveness (not available on ISR)
Repayment Plans: Direct/FFEL Stafford & Grad PLUS - Income Driven Plans

IBR, IBR-New Borrower, PAYE & ICR repayment plan common criteria & terms:

- You must have partial financial hardship for initial eligibility (IBR, IBR – New Borrower & PAYE only; does not apply to ICR).
- You must submit financial information annually.
- Your payments will be adjusted annually based on your financial information.
- Your monthly payments may be lower than payments under the 10-year standard plan.
- Your monthly payment will not exceed the amount for standard repayment calculated based on the loan amounts when your loans first entered repayment (IBR, IBR-New Borrower & PAYE only; does not apply to ICR).
- You'll pay more for your loan over time than you would under the 10-year standard plan.
- If you have not repaid your loan in full after making the equivalent of 20 or 25 years of qualifying monthly payments (determined by the repayment term for the plan), any outstanding balance on your loan will be forgiven.
- You may have to pay income tax on any amount that is forgiven.

Additional Information: StudentAid.gov and ibrinfo.org
Income-Based Repayment (IBR) (DL & FFEL)

- Your maximum monthly payments will be **15 percent of discretionary income**, the difference between your adjusted gross income and 150 percent of the poverty guideline for your family size and state of residence (other conditions apply).

- Repayment Term: Up to 25 years
Repayment Plans: Direct/FFEL Stafford & Grad PLUS - Income Driven Plans

**IBR for New Borrowers** (DL & FFEL)

- **New borrower** – no outstanding balance on a Direct or FFEL program loan as of 7/1/14 or, had no outstanding balance on a Direct or FFEL program loan when you obtained a new loan on or after 7/1/14.

- **Your maximum monthly payments will be 10 percent of discretionary income**, the difference between your adjusted gross income and 150 percent of the poverty guideline for your family size and state of residence (other conditions apply).

- **Repayment Term: Up to 20 years**
Pay As You Earn Repayment (PAYE) (DL only)

- You must be a new borrower on or after Oct. 1, 2007, and must have received a disbursement of a Direct Loan on or after Oct. 1, 2011.
- Your maximum monthly payments will be 10 percent of discretionary income, the difference between your adjusted gross income and 150 percent of the poverty guideline for your family size and state of residence (other conditions apply).
- Repayment Term: Up to 20 years
Repayment Plans: Direct/FFEL Stafford & Grad PLUS - Income Driven Plans

Income-Contingent Repayment (ICR) (DL only)

- Payments are calculated each year and are based on your adjusted gross income, family size, and the total amount of your Direct Loans.
- Repayment Term: Up to 25 years

If you plan to pay your loans off early or switch to a different plan, ICR is probably not right for you, because you will be responsible for all the unpaid interest.
Income-Sensitive Repayment (ISR) (FFEL only)

- Your monthly payment is based on annual income.
- Your payments change as your income changes.
- Repayment Term: Up to 10 years
- You'll pay more for your loan over time than you would under the 10-year standard plan.
- Each lender's formula for determining the monthly payment amount under this plan can vary.

ISR can help you stay current with your payments if you’re facing an income shortfall; but if you think you’ll need lower payments for more than a year, you may want to consider extended or graduated repayment.
Repayment Plans: Direct/FFEL Stafford & Grad PLUS - Income Driven Plans

IBR, IBR-New Borrowers, Pay As You Earn & ICR Plan Requests

- Estimate repayment under the various plans using the Repayment Estimator at StudentLoans.gov to determine which plan best suits your needs and goals.

- Complete the application annually online at StudentLoans.gov; if you prefer to complete a paper application contact your loan servicer.

- Application includes option of letting the system determine the plan that will give you the lowest minimum monthly payment.

- The electronic Income-Driven Repayment Plan Request process at StudentLoans.gov includes an IRS retrieval tool which is an easy and secure way to access and transfer tax return information directly onto the electronic application, saving time and improving accuracy.

- Contact your FFEL servicer for Income-Sensitive Repayment assistance.

Managing Repayment

The next topics in this presentation may help you when life happens and you need assistance. We’ll also cover other provisions that may be helpful during repayment.

Deferment
Forbearance
Consolidation
Repayment Examples
Loan Forgiveness / Cancellation
Public Service Loan Forgiveness
Death / Disability / Bankruptcy
Tax Benefits
Managing Repayment:

Deferment may be requested to postpone payments under certain conditions

- Interest subsidy applies
- Length of time varies by type of deferment
- Requests must be submitted to each loan servicer; a form and supporting documentation will be required to document your eligibility for the deferment
- Continue to make payments until deferment is approved.

Federal loan deferment information is available on your MPN, from your loan servicer(s) and at StudentAid.gov

You may be eligible if you are:

- Enrolled at least half-time*
- Unemployment; 3 yr max
- Economic hardship; 3 yr max
- Graduate fellowship program
- Rehabilitation training for the disabled
- Serving in the military on active duty

*If you are enrolled at least half-time at an eligible school that does not electronically report enrollment you will need to submit a request for in-school deferment with enrollment verification to your loan servicer.

*Nursing loans require enrollment in a Nursing degree program, see MPN for details.

*SPU Institutional loans provide in-school deferment only if enrolled at SPU, see MPN for details.
Manageable Payments: Forbearance

- Temporarily postpone or reduce payments
- Typically granted for a period of 3, 6 or 12 months
- Interest accrues on subsidized and unsubsidized loans
- May affect repayment term:
  - Extends the repayment period for Stafford and Perkins loans
  - Nursing and SPU Institutional loan forbearance periods do not extend the repayment term; term will not exceed 10 years
- Any unpaid interest that accrues may be capitalized, increasing the total balance due
- Granted at the discretion of the lender/servicer
- Contact each loan servicer if forbearance is needed

➢ Contact SFS to request forbearance for Perkins, Nursing and SPU Institutional Loans; a form and documentation is required.

- Income-Derived repayment estimates calculated based on AGI of $35,000, family size 1, State of Residence: WA
- Income-Derived repayment calculations assume income will grow 5% each year, that your family size will remain the same during the life of the loan, and that the poverty guidelines will increase based on the Congressional Budget Office's estimation of inflation.

### Consolidation Considerations
- May reduce the monthly payment amount
- May increase the total paid
- May reduce the number of federal loan servicers
- May be helpful to be more aggressive in repayment of private loans
- Helpful to make federal non-Direct loans eligible for Public Service Loan Forgiveness
- Consolidated Perkins - lose interest subsidy & cancellation benefits for full-time service employment

Forgiveness & Cancellation

Federal loans provide some forgiveness (cancellation) provisions

- Teacher loan forgiveness: Perkins, Direct Subsidized/Unsubsidized and FFEL Stafford loan for eligible teachers serving in a low-income or subject-matter shortage area; requires five consecutive years of service
- Details for all forgiveness and cancellation provisions are included in your MPN
- Additional information available from your loan servicer and StudentAid.gov

Perkins Loans

- Several employment categories available for cancellation if you are employed full-time in a variety of service fields, e.g. teaching in a low-income school, nurse/medical tech and law enforcement; cancellation is incremental for each year of qualified employment
- Information and forms to request deferment in anticipation of cancellation and cancellation available at MyCampusLoan.com
- Contact Student Financial Services for assistance.
Forgiveness & Cancellation

Public Service Loan Forgiveness
- DL loans only
- May be eligible for forgiveness of loan balance after 10 years of eligible payments and qualified full-time employment in a public service job
- Info at StudentAid.gov and ibrinfo.org

Repayment and cancellation assistance may be available from an outside organization or your employer and will be separate from provisions of your loan(s)
- Military benefits – Check with military recruiter
- National and community service jobs
- Service in areas of national need
- Americorps service

Debt Relief Companies

You don’t need to pay someone to help you with your federal student loans!

- Enrollment in alternative repayment programs, like IBR, is available at no cost.
- Direct Loan Consolidation for federal student loans is efficiently completed online at [StudentLoans.gov](http://StudentLoans.gov) and does not charge a fee or require a credit check.
- Be wary of any company that
  - pressures you to pay an up-front fee or to sign a contract immediately
  - promises immediate loan forgiveness or debt cancellation. Debt relief companies cannot negotiate with your creditors in order to obtain a “special deal” under the federal student loan programs.
  - demands that you provide them with a “third party authorization” or a “power of attorney” which are written agreements giving the company permission to act on your behalf.
  - requests that you provide them with your FSA PIN for direct access to information about your federal student loans. Your unique ID from the Department of Education is the equivalent of your signature on documents for your student loan.
