

THE ERICKSON CONFERENCE

3:00 PM - 9:00 PM
OTTO MILLER HALL
FRIDAY, MAY 13, 2011

A conference celebrating the research and design projects of SPU's undergraduate students in Science, Technology, Engineering and Math!

Student Registration

In order to register to make an oral or poster presentation, go online to <http://www.spu.edu/depts/spur>, then follow the conference link for more information and online registration. The deadline to register is **April 25th, 2011**.

Guest Speaker

Tom Lyster

Inventor of the automated external defibrillator (AED)
The plenary lecture will focus on the integration of business, medicine, engineering, technology and innovation as Tom Lyster describes the process of designing and marketing the AED.
