Student Programmer Role Description

Thrive! is a new student wellness group at SPU. Our mission is to empower students to discover, engage in, and maintain a healthy lifestyle and advocate for a campus-wide culture of wellness.

Student Programmers will participate in and are directly advised by the thrive committee under the Office of Student Life. Thrive desires to have programmers that are representative of the student population. This includes a variety of majors, interests, and backgrounds.

GENERAL SUMMARY:

The role of a thrive Student Programmer is to create and execute quality programming for the SPU student community in order to help educate and inspire students towards wellness.

QUALIFICATIONS:

- Demonstrate an interest in any aspect of health and wellness
- Have a desire to use your creativity, passion, and knowledge to benefit SPU students
- Current SPU undergraduate or graduate student in good academic standing
- Reliable and with good communication skills and a positive attitude
- Past event planning, marketing, or customer service experience a plus
- Be available to commit to the program for one academic year

DUTIES AND RESPONSIBILITIES:

- Time Commitment:
  - Direct participation in the thrive Committee (2-3 hours/month)
  - Creating and implementing events (approximately 10 hours/month)
- Programming efforts:
  - Create, publicize and execute one campus event each quarter. The topics of these events will be determined in collaboration with thrive Committee
  - Event planning will include creating content and format, planning logistics, marketing, communication with participants, set-up, clean-up, and other details based on needs.

BENEFITS:

- Gain experience working with peers and professionals collaboratively
- Improve your communication skills and develop other marketable skills to add to your resume
- Have fun planning and promoting events on campus
- Internship or practicum credit may be available upon approval of faculty advisor
