### **Clinical Experience**

**Founder and President, Northwest Institute on Intimacy (NWIOI)**. 1/2015 – present

Designed and established a training institute for advanced training in sex therapy and spiritual intimacy. The Institute also developed a certification process to highlight practitioners who complete training in individual, couple, family, sex and spiritual intimacy therapy. Integrated Intimacy practitioners who have begun or completed training in all 5 areas can become certified and list themselves on the NWIOI site and receive free referrals as an incentive to become a comprehensively trained psychotherapist.

**Founder and Executive Director, Northwest Collaborative Health and Northwest Cancer Resource Center**. 9/97 – 2014

Designed and established a non-profit collaborative biopsychosocial and spiritual medical family therapy practice working collaboratively with patient/families and physicians – women's health, neurology, rheumatology, gynecology, family practice, medical oncology, radiation oncology, surgery, radiology, pathology and plastic surgery.

**Supervisor of Graduate Marriage & Family Therapy Interns and Graduates**, Seattle, Wa. 1/94 – present.

Provide 6-9 hours of supervision per week to first and second year graduate Marriage and Family Therapy students in the MFT program in the Department of Family Psychology at Seattle Pacific University.

**Marriage & Family Therapist, Certified Sex Therapist, Clinical Sexologist** in private practice, Seattle, Wa. 9/90 – present.

Practice includes service to individuals, couples, families, groups; supervision to Marriage & Family Therapists, collaborate/consult with primary care and specialty care physicians and psychiatrists.

**Medical Family Therapist**. Northwest Cancer Center. 11/96 – 8/97

Designed a pilot project, grant funded by the Northwest Cancer Foundation to provide on-site Medical Family Therapy services to patients receiving adjuvant chemotherapy for a cancer or blood related disease diagnosis. Collected data to determine the effect of services on patients, staff and physicians. Also collected and examined cost-off set and insurance reimbursement data.

**Consultant, Seattle Breast Center Multidisciplinary Team**, Seattle, Wa. 11/95 – 2004

Consult weekly to a team of 28 multidisciplinary physicians regarding the psychosocial needs of women newly diagnosed with breast cancer. Additional consultation provided to nurses and staff. Staff privileges at Northwest Hospital.
