

Learn and Serve Core Team

John Perkins Center for Reconciliation, Leadership Training and Community Development

The information below outlines expectations, opportunities, and requirements for those considering student leadership roles in the John Perkins Center and as a part of the Office of University Ministries. Successful student leaders are those who commit their time, energy, and creativity to the service of their peers through their ministry leadership.

The experience within these positions will help develop skills and qualities that you can use throughout life, including: service and discipleship, cultural engagement, identity development, delegation, coordination and planning, time management, listening and helping, program development and self-management. This role is designed to be both a ministry opportunity and a learning experience.

Leadership Development and Student Core Team Qualifications

Qualified applicants for student leadership positions in the John Perkins Center will demonstrate existing skill and potential for growth in the following areas:

- Community & Cultural Awareness
 - A growing understanding of diverse communities, transformational partnership and issues relevant to community development.
- Leadership
 - Cultivating group motivation and direction, interaction with other students, supporting student development.
- Ministry
 - Ability to articulate and implement a Christ-centered approach to leadership and ministry.
- Personal Growth & Identity Development
 - Open discernment for vocational decisions and life direction through justice, service and community engagement.
