

Biology Major

123)456-7890 | biology@spu.edu | Seattle, WA
www.linkedin.com/in/yourlinkedin/

Skills and Qualifications

- **Microbiology:** Use of micropipette, use of PCR machine
 - **Molecular Biology:** Agarose gel electrophoresis
 - **Laboratory/Research:** Light microscope, pH meter, centrifuge, volumetric glassware
 - **General Laboratory:** Pipette, Weigh, Sterilized, filtrate, titrate, practice sterile techniques
 - **Bacteriology:** Aseptic techniques
-

Education

Bachelor of Science in Biology

June 20XX

Seattle Pacific University, WA

- **GPA:** 3.82 out of 4.0
 - Recipient of President's Scholar Award
 - **Relevant Courses:** Cell Biology, Neurobiology, Biological Research, Chemical Ecology, Biostatistics, Organic Chemistry Series
 - **Clubs:** Biology Club, American Chemical Society, Centurions, Food and Nutrition Club, Garden Club
-

Relevant Experiences

Experimental Laboratory Assistant

Oct 20XX - Current

SoundBio Lab, Seattle, WA

- Assisted SoundBio Lab operations through performing molecular biology and microbiology experiments
 - Performed PCR amplification and purification in a series of DNA templates
 - Managed Agarose Gel electrophoresis
 - Operated Nanodrop Spectrophotometer
-

Projects

Slug Presence

Mar 20XX - Jun 20XX

Seattle Pacific University, WA

- Evaluated and compared the impact of different forest conditions on the distribution of 4 slug species
- Analyzed statistical data using Presence software
- Interpreted and presented experimental data in a organized and visual way

RNAi screen

Sep 20XX - Dec 20XX

Seattle Pacific University, WA

- Analyzed whether if specific genes are involved in the development pathway of .Elegans (Roundworm)
 - Utilized RNA interference to test the different genes and possibilities
 - Managed and responsible for weekly worm handling and detailed observations while analyzing statistical data using ANOVA
-

Additional Experiences

Barista

September 20XX - Current

Seattle Pacific University, WA

- Learned and served various drinks while being a cashier simultaneously and efficiently
- Served about 40 customers per three hour shift with excellent customer service with a timely and organized manner
- Responsible for assisting and training about 5 new baristas every year

Clubs

Seattle Pacific University, WA

- American Chemical Society, Biology Club, The Seattle Pacific University Film Club, SPU Garden Club
