

Chemistry Major

123)456-7890 | chemistry@spu.edu | Seattle, WA
www.linkedin.com/in/yourlinkedin/

Skills and Qualifications

- Hard working, entry-level chemist offering lab-testing experience with the FDA- and cGMP-regulated environment of health products manufacturing
 - In-depth knowledge of wet chemistry and titration methods; experience using instrumentation such as AA, FTIR, HPLC, GC and ICP
 - Technically proficient - advanced user of Mathematica, Spartan'14 and GAMESS\Clear, efficient, collaborative-centered, and detail-oriented written and verbal communication skills
 - Ability to adapt, deliver consistently & effectively while being bold and self-challenging
-

Education

Bachelor of Science in Chemistry

June 20XX

Seattle Pacific University, WA

- GPA: 3.8 out of 4.0
 - Recipient of President's Scholar Award
 - **Relevant Courses:** General Chemistry, Organic Chemistry, Inorganic Qualitative Analysis, Separation Science, Electroanalytical Chemistry, Quantum Mechanics, Molecular Dynamics
-

Relevant Experiences

Harvest Lab Intern

January 20XX - March 20XX

Company, State

- Assisted with winemaking by conducting research and quality control of wines in the laboratory
- Managed and responsible for sampling and performing laboratory analysis on juice and wine by analyzing pH, TA, Malic acid, YAN, FSO₂ / ethanol and enzymatic via spectroscopy
- Accurately kept track of and entered data on Vintrace (VINX2) while communicating the lab results with the rest of the team

Laboratory Technician Intern

June 20XX - September 20XX

Company, State

- Conducted inorganic wet bench chemistry on a wide variety of waters testing for pH, turbidity, alkalinity, nitrates, cyanides, etc.
 - Extracted soil, water & oil samples for organic contaminants while using methylene chloride as a solvent for extraction procedure
 - Organized and recorded the results of the samples and reported them efficiently
-

Additional Experiences

Barista

September 20XX- Current

Seattle Pacific University, WA

- Learned and served various drinks while being a cashier at simultaneously and efficiently
- Served about 40 customers per three hour shift with excellent customer service with a timely and organized manner
- Responsible for assisting and training about 5 new baristas every year

Clubs

Seattle Pacific University, WA

- American Chemical Society, Biology Club, The Seattle Pacific University Film Club, SPU Garden Club
