Bank Statement

In addition to the signature above, the financial sponsor must mail a current bank statement or letter from an authorized bank official on bank stationery to document funds currently available for the first year of study. This document must be written in English and the funds must be described in U.S. dollars. All documents must be less than six months old. What is an acceptable bank statement?

Acceptable:

- An original bank statement in the sponsor's name, which states the date the account was opened, current balance in U.S. dollars, average deposits, and average balances. It is highly recommended that most of your financial support come from your home country, as this is important for getting your student visa. The bank statement must show liquid assets such as cash deposits, certificates of deposit, or saving accounts and then be sent to SPU by one of the three ways listed on page 4.
- A letter sent directly from the financial sponsor's bank that describes the type of account, the date the account was opened, current balance in U.S. dollars, average deposits, and average balances. The letter should include the bank stamp or seal.
- An official letter of guarantee from your government or agency indicating your scholarship amount in U.S. dollars. The letter should be signed and dated and the date of the letter must not be more than six months old.

Not acceptable:

- Bank statements that do not indicate the students name.
- A bank letter indicating "good" customer or "adequate funds," and not indicating a current total account balance.
